As a UX Designer, my focus lies in leveraging human-centered design to create intuitive and impactful user experiences. With experience across AI, internal tools, and client-facing solutions, I apply my expertise in UI design and user flows to enhance both functionality and aesthetics.

Dec 2023 - Present

UX Designer - Temus Pte Ltd

UX Designer at Temus, driving AI & Data initiatives through user-centric design. Worked on internal products enhancing HR, research, and information retrieval, and contributed to AI & Data demos for client proposals. Improved design workflows through design system enhancements. Achievements include 1st Prize in the AWS x Supabase GenAI Hackathon 2024 and 1st Runner-up in the SkillsFuture Idea Sprint 2024 in collaboration with the AI & Data team. Experienced in GenAI workflows and integrating AI-driven solutions into user experiences.

Dec 2021 - Sep 2023

Design Associate (UI/UX) - Corsiva Lab Pte Ltd

Designed e-commerce, corporate websites, and internal apps for PSG, PSGDM, and EDG pitches, balancing UI/UX to meet client needs. Worked with cross-functional teams at Corsiva Lab Pte Ltd to deliver innovative solutions.

Nov 2020 - Oct 2021

UI/UX Designer - RPAT Pte Ltd

Worked with a senior designer to improve UX for job portals, redesigned corporate sites, created graphics, and contributed to projects supporting employers, candidates, and upskilling initiatives.
